# NORTH FORESHORE GIANT'S PARK

# Giant's Park Concept Plan

# Exciting New Regeneration Plan to develop Environmental Businesses in Giant's Park....

# Environmental Resource Recovery Park

- High Quality, Modern, Clean Industrial Park
- Innovative Clustering of Environmental Businesses.

# Landfill Gas Electricity Generation

- Methane – Green House Gas
- Produces 5 mega watts of Renewable Energy, enough to power 5,000 homes.
- Export to the local grid to generate a revenue income

# Giant's Park: a new world class public park for Belfast

- 1 a visitors centre for exhibitions, community events and environmental education
- 2 a festival space for open air concerts and events
- 3 a children's play area
- 4 cycle ways and paths to explore and enjoy wildflower meadows and birdlife on the shores of Belfast Lough
- 5 sports pitches and changing facilities
- 6 café and toilets
- 7 a pedestrian and cycle bridge over the M2 motorway

- *“North Foreshore Giant’s Park will become a 21<sup>st</sup> Century icon for environmental businesses and recreation.”*
